

Project Manager - Major Factory Project - Egypt

Jotun

Jotun is one of the world's leading manufacturers of decorative paints, marine, protective and powder coatings. The Group has 68 companies and 33 production facilities on all continents. Jotun products are available in more than 90 countries through own subsidiaries, joint ventures, agents,

branch offices and distributors. Jotun's total sales in 2014 were NOK 17,542 million, and employing more than 9,600 employees. The Jotun Group is organised into four segments and seven geographical regions, and has its head office in Sandefjord, Norway.

Jotun is searching for a Project Manager with extensive experience for our exciting new factory project in Egypt (Project value 40 -50 million USD). As Project Manager, you will have the full responsibility for building our new factory, along with warehouse, administrative and technical buildings with the necessary infrastructure. This is a complex project utilizing new technology, and as a Project Manager you are responsible for delivering a successful project by effectively managing and leading the project to meet project objectives: quality, cost and time targets with a continuous focus on HSE. You will report directly to the Steering Committee, administratively to Managing Director in Egypt,- and cooperate with other stakeholders. You will also be responsible for managing contracts, risks, authorities, permits and comply with Law, regulations and Jotun standards and policies. The Project Manager will upon completion of this project report to Group Technical Director Engineering in Jotun A/S and join our competent staff of Project Managers, getting opportunities for new exciting projects world-wide.
