L' OCCHIO DELLE COMPETENZE

ICB 3.0 IPMA COMPETENCE BASELINE

The Competence Standard

ICB 3.0 VISION

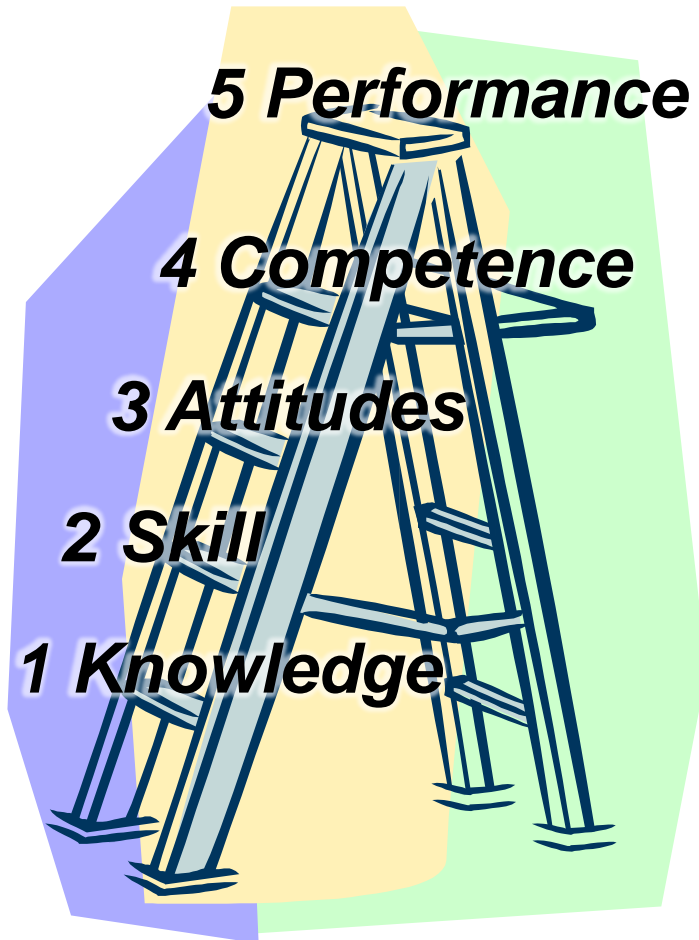

1.17 Information & Documentation

Information management includes modelling, gathering, selecting, storing and retrieving project data (formatted, unformatted, graphical, hard copy, electronic copy).

Care must also be taken in deciding who gets what information. There can be a tendency to overwhelm people with too much information. Interested parties should receive only the information that they need, in a suitable form, to allow them to take whatever action is required of them.

Demonstrating PM Competence

The Progression:

5. Review proves **Performance**
4. Experience and adaptation generates **PM Competence**
3. Reinforcement, plus Inter-personal Skills: **Attitudes**
2. Application leads to **Skill**
1. Classes introduce **Knowledge**
